

PRESS RELEASE – THE RAT PACK PRODUCTIONS LTD

**Nathan Cassidy: Watch This. Love me. It's deep.**

**Sir Michael Caine Award winning writer and comedian's new one-man theatre show. A perfect love story in a swimming pool. It's deep.**

This one-man theatre show combines Nathan Cassidy's award winning comedy with a real life perfect love story. At 15 years old, Nathan met the love of his life in a swimming pool, and it became a perfect love. This is their story. Some believe that a perfect love could never exist for them. But can you imagine your perfect love, can you imagine the person you could meet and fall in love with who would be perfect for you? Because if you can imagine it then it's possible.

The love of Nathan's life is Heather, a girl obsessed with swimming, Tarot and the 80s film 'Big'. Nathan chose the Moon Tarot card with Heather - the unknown mystery of our imaginations. Our imaginations can be just as real as what we know as the real world - we can make the dream world a reality.
